Dear Team AlphaVerse,

Greetings from the Eco Tech Hackathon 2026 Organizing Committee.

We are pleased to inform you that your team has been successfully selected for the Grand Finale. Congratulations on this outstanding achievement.

As a finalist, now you are required to submit your prototype for **PHASE-3** the Grand Finale.

Grand Finale Details:
- Finale Day: 2 April, 2026
- Your Team Presentation Time: At 10:00 AM
- Venue: 2nd Floor, Seminar Room, Department of Civil Engineering, Dr. Jamilur Reza Choudhury Bhobon.

Presentation Format:
- Prototype Presentation: 8 minutes
- Question & Answer Session: 7 minutes
Each team will be given 8 minutes to present the theme and prototype and 7 minutes for Q&A section.

Submission Requirements:
Submit Prototype file and Presentation PPT File by ZIP file.
You can show the prototype by PPT presentation which can be made by screenshot or video clip of prototype interface.
If you want to show the prototype by installing it on your personal laptop, you could show it.
You must keep your laptop with you by completing the installation of the prototype.

Please submit the following through the designated links:

Photo Upload Link: https://docs.google.com/forms/d/e/1FAIpQLSewGkIPVkWBzMkqW8g5U9rowGWNlyCB_sygfODbTm9VFEIDbg/viewform?usp=sharing&ouid=117827666389804750943
- Photo Upload Deadline: 26 March, 2026, at 5:00 pm

Prototype Submission Link:
https://docs.google.com/forms/d/e/1FAIpQLSdmTCpQhvVFHIeEa1IGrecW0dB3hy8E12HdOwBNtLsAoevMqA/viewform?usp=sharing&ouid=117827666389804750943
- Prototype Submission Deadline: 1 April, 2026. at 5:00 pm

Kindly ensure that all required materials are submitted within the specified deadlines. Failure to comply may affect your eligibility for the final round.

Judges Comments on PHASE-2 video pitch:
-Model accuracy and false-positive/false-negative rates are not clearly validated.
-Real-time monitoring claims may be stronger than the proof shown.
-Heavy architecture does not automatically guarantee deployability in a hackathon context.
-Dependence on satellite data quality, revisit frequency, and labeling may affect reliability.
-Institutional adoption may require policy integration and operational partnerships beyond the prototype.
-The presentation is strong, but somewhat feature-dense and could communicate core differentiators more sharply.

We look forward to your participation and wish you the very best for the Grand Finale.
Should you have any queries, please contact us.

Warm Regard,
Organizing Committee
